COMING AT THE HAYS NEW OPERA HOUSE Wednesday, October 11, 1916 Rex Beach's Greatest Story The Ne'er-Do-Well In 10 Acts Featuring KATHLYN WILLIAMS

The picture you have been waiting for

The film version of Rex Beach's "The Ne'er-Do-Well" will be shown at the Hays Opera House, Wednesday, October 11th. The picture was produced by the Selig Polyscope Company, of Chicago, and is one of the most remarkable moving pictures ever staged. Although it takes fully two and one-half hours to run, there is not a scene that could be eliminated without detriment to the continuity of the picture.
The acts are swift and full of incident, the exciting episodes numerous, and the tension does not let down in between times, as is case with most pictures that we see on the screen.
A large and complete cast is headed by Kathryn Williams and Wheeler Oakman, and the entire company which made "The Spoiler" famous.
In order to acquire the requisite atmosphere, the entire company spent several months in Panama, and the result has proved well worth the trouble and expense.
The exterior scenes are striking and beautiful, and at all times there is the interest of a strange country, people and customs.

The Philip Fire.

The Alex Philip fire last Saturday afternoon, demonstrated the fact that Hays has an ample water supply for all purposes. The street sprinkler had been running continuously since seven o'clock in the morning, and hundreds of gallons had been used, yet there was no lack of pressure, for three heavy streams played continuously on the fire for nearly three hours. As soon as the fire was out the Jupiter Pluvius resumed her duty of dust-laying on our street. Guess our water commissioner is all O. K.

All things considered the Alex Philip fire was not an extensive destructive one. The wind was blowing strongly, all the combustible material was very dry, yet the fire was confined to the attic, and although it required a long time to subdue it because of the nature of construction of the building, the house would have burned to the ground had less than three good solid streams of water been employed.

The fire boys responded quickly to the call and what looked like a bad blaze was soon extinguished through the prompt and energetic work of the Hays volunteer fire department.

Campus is Changing.

The campus of the Fort Hays Normal has undergone many and varied changes. More, larger, and better buildings are being added. Trees, shrubbery, flowers and walks have had a part in its beautification.

Where at one time only one building stood, soon the magnificent Coliseum will be completed making the sixth. Trees have been carefully planted and tended, new ones taking the place of those which died, helping to keep the campus perfect.

New walks leading from one building to another with Arbor Vitae and flowers outlining them.

What was once a place for games and frolics is now our stately library.

Mr. and Mrs. Geo. Philip, Sr., gave a six o'clock dinner September 22nd. The guests were, Misses Della Unruh, Laura Hopkins, Pearl Sidenius, Elizabeth Agnew, Dora E. Graas, Georgina Wooton, Elizabeth Condit, Margaret Schoenhals, Rena Faubian, Jessica Willie, Gertrude Vance and Ernestine Fields.

A large number of people from Hays, attended the fair at Russell, this week. Normal truck took a crowd of about thirty children Thursday. They report a pleasant time and also that the fair was a success in every respect. The airship made a splendid flight in the afternoon.

Conrad Krueger has a friend here from Nebraska, visiting him.
